

The University of Jordan
Faculty of Dentistry
Department of Oral Surgery, Oral Medicine and Periodontology

Course Title: Oral Pathology Theory-2

Course Code: 1301454

Prerequisite: 1201354

Course Coordinator: Pr Faleh Sawair

Year: 4th year, first semester

Credit: 1 credit hour

Prerequisite for: consider essential for all other dental courses particularly Oral Medicine & Oral Surgery

Instructor:

Name: Pr. Faleh Sawair

Office Number: 203 and 305

Office Phone: 23571

E-mail: sawair@ju.edu.jo

Course Objectives:

- Recognize normal oral anatomy and variations of normal.
- Describe and identify common oral lesions.
- Correlate the signs and symptoms of oral abnormalities with etiologic factors.
- Distinguish among groups of symptoms such as reactive, neoplastic, infectious and developmental.
- To provide students with fundamental knowledge about the pathogenesis, aetiology, histopathological features and diagnostic methods of diseases affecting the oral soft and hard tissues.
- To aid the students to relate the basic understanding of the diseases with management.

Learning Outcomes:

Successful completion of this module should lead to the following learning outcomes:

A. Knowledge and Understanding (student should)

- A1) Be able to explain the pathogenesis and aetiological factors of various oral diseases.
- A2) Be able to comment on the histopathological features of common oral lesions.

B. Intellectual skills - with ability to

- B1) Employ the histopathological aspects of the disease in understanding its clinical presentation
 B2) Employ the mechanism of the disease in understanding its management.

C. Subject specific skills – with ability to

- C1) Recognise the most important features of common oral diseases that help in the diagnosis.
 C2) Give a differential diagnosis for common oral lesions or diseases.

D. Transferable skills – with ability to

- D1) Strike the balance between self-reliance and seeking help when necessary.
 D2) Display an integrated approach to the deployment of communication skills.

Teaching methods:

- Duration: 16 weeks, 16 hours in total.
- Lectures: 14 hours, 1 per week + two weeks for exams.

Modes of assessment:

- Midterm exam: 40 points, MCQs.
- Final Exam: 60 points, MCQs.

Attendance policy:

Lecture attendance is obligatory. The handout and recommended textbook are not comprehensive and additional material will be covered in lectures. You are responsible for all material covered in lectures.

Expected workload:

On average you should expect to spend between 3 and 5 hours per week on this course.

Course Content & Weight:

Lecture no.	Subject	Material covered	
1-2	White mucosal lesions	<ul style="list-style-type: none"> • Hereditary • Traumatic & infective • Idiopathic 	<ul style="list-style-type: none"> • Dermatological • Neoplastic
3-4	Infective stomatitis	<ul style="list-style-type: none"> • Viral • Bacterial 	<ul style="list-style-type: none"> • Fungal • HIV
5-6	Non-infective stomatitis	<ul style="list-style-type: none"> • Traumatic • Idiopathic • Systemic diseases 	<ul style="list-style-type: none"> • Dermatological • Neoplastic
7-8	Neoplastic and non-neoplastic diseases of the salivary glands	<ul style="list-style-type: none"> • Developmental • Sialadenitis • Obstructive lesions 	<ul style="list-style-type: none"> • Xerostomia and Sjogren's syndrome • Sialadenosis • Benign & malignant tumours

9-10	Odontogenic tumours	<ul style="list-style-type: none"> • Odontomes 	<ul style="list-style-type: none"> • Benign and malignant odontogenic tumours
11-12	Bone diseases	<ul style="list-style-type: none"> • Developmental and genetic • Metabolic • Inflammatory 	<ul style="list-style-type: none"> • Giant cell lesions • Fibro-osseous lesions • Benign and malignant tumours
13-14	Miscellaneous disorders	<ul style="list-style-type: none"> • Orofacial granulomatosis 	<ul style="list-style-type: none"> • Others

Feedback:

Concerns or complaints should be expressed in the first instance to the course instructor. If no resolution is forthcoming then the issue should be brought to the attention of the Department Chair and if still unresolved to the Dean. Questions about the material covered in the lectures, notes on the content of the course, its teaching and assessment methods can be also sent by e-mail.
