

1	Course title	Clinical Pediatric Dentistry VI
2	Course number	
3	Credit hours (theory, practical)	Three credit hours
	Contact hours (theory, practical)	9 hours /week (clinical)
4	Prerequisites/corequisites	Clinical Pediatric Dentistry II Clinical training at JUH 2
5	Program title	Master of Science in Pediatric Dentistry
6	Program code	NA
7	Awarding institution	The University of Jordan
8	School	Faculty of Dentistry
9	Department	Department of Pediatric dentistry and orthodontics
10	Level of course	Master
11	Year of study and semester (s)	Third year, first and second semester
12	Final Qualification	MSc
13	Other department (s) involved in teaching the course	None
14	Language of Instruction	English
15	Date of production/revision	17/ OCT/2018

16. Course Coordinator:

Name: Prof.Lamis Rajab

Email: lamisr@ju.edu.jo

17. Other instructors:

Prof. Mahmoud Hamdan anwarm@ju.edu.jo

Prof Ahmad Hamdan hamdan-a@ju.edu.jo

--

18. Course Description:

Clinical experience with advanced pediatric dentistry treatment is provided. Patients requiring conscious sedation and general anesthesia are treated in the department clinic/ University Hospital. Rotations in hematology, oncology, and endocrinology departments will be arranged in monthly rotations.

19. Course aims and outcomes:

A- Aims:

- To provide students with the academic knowledge to enable them to assess the needs and to provide appropriate treatment for pediatric patients with carious and pulpally involved primary and young permanent teeth.
- To provide students with the academic knowledge to enable them to assess the needs and to provide appropriate immediate and subsequent treatment for traumatically involved teeth in children
- To provide students with the academic knowledge to enable them to assess and to provide appropriate treatment for young patients subjected to dental trauma.

B- Intended Learning Outcomes (ILOs): Upon successful completion of this course students will be able to

1. **Understand** the scientific basis of pulp pathology in primary and permanent teeth and efficiently apply the proper treatment according to recent guidelines.
2. **Recognize** different treatment options for young permanent teeth with pulp pathology
3. **Apply** evidence-based treatment planning
4. **Recognize** various dental anomalies in children and understand general treatment principles
5. **Know** the systemic diseases that influence oral health
6. **Understand** basic treatment principles for patients with special health care needs
7. **Recognize** the need to refer patients for specialist care
8. **Understand** various **eruption** disturbances along with possible etiology and management.
9. **Identify** traumatic dental injuries including histopathology and management

20. Topic Outline and Schedule:

Clinical sessions

21. Teaching Methods and Assignments:

Supervised clinics.

22. Evaluation Methods and Course Requirements:

Opportunities to demonstrate achievement of the ILOs are provided through the following assessment methods and requirements:

- Requirements: 60 points
- Final Clinical Exam: 40 points.

23. Course Policies:

A- Attendance policies:

Students are required to attend their clinical sessions. Students are not allowed to attend final exam if they exceed the permitted percentage set in the UJ's regulations.

B- Absences from exams and handing in assignments on time:

The student will be allowed to set for a make-up exam if he/she did not attend the exam due to an acceptable excuse and the excuse was presented in due time as set in the UJ's regulations. If he/she did not attend an exam without an acceptable excuse the student's mark for that exam will be zero.

C- Health and safety procedures:

No special recommendations.

D- Honesty policy regarding cheating, plagiarism, misbehavior:

Cheating is considered an unacceptable behavior in exams and a reason for unsuccessful course result. Please refer for your *Student Guide* book for detailed regulations.

E- Grading policy:

Percentage marks are converted to letters. (A)/(A-) are usually given for top 10-15% of students. Percentage mark < 50 does not mean a mark of (D-) or (F).

F- Available university services that support achievement in the course:

Students can utilize UJ's medical or main library facilities. In addition, they can access e-journals and e-books within campus. They can access the Moodle e-learning through the UJ's wireless internet facilities for free or through the computer lab in the Faculty of Dentistry. A lot of other facilities and support can be provided through the Deanship of Student Affairs.

24. Required equipment: (Facilities, Tools, Labs, Training....)

None special
